New Avenue

Driving in the sun no one at my side
Alone feels fine alones all right
I'm refelective in my rear view mirror of life

My gasoline is burning on a different point of view
My life is perfect if I don't run in to you

My music's on I'm singing out loud
I'm driving slow I'm nowhere bound
My mind is empty as I throw away all vows

My gasoline is burning down different avenue
My life is better if I don't bump in to you

I've had a ride or two
Every time I've run out of gas
If I see a wave from you
I've decided to drive right past
(don't wanna fix another flat)
(another flat)

...Driving in the dark I see a new light
Alone I go see what I find

Shiny wheels are turning on a brand new avenue
My life is better if I never run into you

My gasoline is burning down a brand new avenue
My life is perfect if I don't run
In
To
You
