Soulless Flow

It's a cold night October
Our newborn love just died its allot colder
Eyes empty and hollow
I watch her walk away I didn't follow

I remember when the love turned cold
I slipped into the River's hold
Drifted under the ice
A soulless flow

I remember when the love let go
Slipped into the River's hold
Adrift through the rest of my life
A soulless flow

It's a dark day November
After 30 drunken nights I still remember
The exact time our love died
My heart turned red to gray

I remember when the love turned cold
I slipped into the River's hold
Drifted under the ice
A soulless flow

I remember when the truth was told
The night the River let me go
I'll drift through the rest of my life
A soulless flow

It's a cold night October
A lonely year has passed I'm allot older
Eyes empty and hollow
I slowly drift alone
A soulless flow 4x
