Underneath Your Cloud

I am only a child
When you're around to turn me upside down
I've been hit with denial
The odds against our love will ever hit the ground

Lightning finds me every time we meet
Its frightening whether you'll remember me
I might be living underneath your cloud
Lightning strikes me twice when you're around

You may never believe
That love can find you in a flash and turn you inside out
Maybe I'm just too naive
You're just a little out of reach and I can pull you down

Lightning finds me every time we meet
Its frightening whether you'll remember me
I'm lucky living underneath your cloud
Lightning strikes me twice when you're around 2x
When you're around

Underneath your cloud
Underneath your cloud

Lightning finds me every time we meet
Its frightening whether you'll remember me
I'm lucky living underneath your cloud
Lightning strikes me twice when you're around

I'm lucky living underneath your cloud
Lucky living underneath your cloud
Lucky living underneath your cloud
Lightning strikes me twice when you're around
